Re: Ott Properties; Heck and Claypool Approvals

Dear Sharon:

I am representing members of the Ott family in an estate matter. The subject property is a farm located in your district that is being subdivided in order to settle the estate. After meeting with members of Community Development, it was decided that we need to apply for a special exception for reduction in open space on a part of the division known as the "Heck" division. The deed will provide that there will be no further subdivision of these parcels.

I am writing to ask if you will draft a letter waiving the fee for filing a special exception in this matter. If you need any further information or wish to speak with me about this, please give me a call or contact my office to schedule a time convenient to you when we can meet.

Very truly yours,
